SEBUTI MOFOKENG

SOFTWARE ENGINEERING GRADUATE | WEB DEVELOPER | MULTIMEDIA CREATIVE

Butha-Buthe, Lesotho | +266 57 266 136 | sebuticalvin@gmail.com

PROFESSIONAL PROFILE

Recent Software Engineering with Multimedia graduate from Limkokwing University of Technology, with an Information Technology diploma background and hands-on experience building independent and academic software projects. Interested in full-stack web development, practical digital solutions and multimedia production. Has independently developed web applications and business-oriented platform concepts using modern frontend, backend and database technologies. Brings initiative, creative problem-solving, self-directed learning and a strong commitment to developing reliable, user-focused digital products.

EDUCATION

BSc in Software Engineering with Multimedia

Limkokwing University of Technology, Lesotho | Graduated 2026

Diploma in Information Technology

IBC College

Secondary Education

Butha-Buthe Community High School

Junior Secondary Education

Qalo High School

Primary Education

Serutle Primary School

SELECTED PROJECTS

Limkokwing Alumni Portal

Python · Flask · SQLite · OpenAI API

Developed a university portal concept connecting alumni and employers, with an AI chatbot, real-time messaging and a job-placement system. The portfolio identifies this as a deployed application.

Treats by Thato – Restaurant Progressive Web App

React · Node.js · Express · SQLite · Netlify · Render

Built a restaurant ordering application for a local burger business, featuring customer ordering, order tracking, voice-note support chat, and an administration dashboard for analytics and inventory management.

Mofokeng Interconnect

React · Node.js · Express

Developed a full-stack networking platform prototype with custom backend routing and database integration.

Laravel Career Guidance

Laravel 11 · PHP · MySQL

Developed a platform concept to help students explore higher-learning courses in Lesotho, with application management and email verification.

House Hunting Monopoly

Property platform / digital business initiative

Built and developed an independent property-focused initiative supporting the advertising and discovery of rental properties, connecting landlords, tenants and people searching for accommodation.

TECHNICAL SKILLS

Frontend	React.js, JavaScript, HTML5, CSS3
Backend	Node.js, Express.js, Python, Flask, PHP, Laravel
Databases	MySQL, SQLite, MongoDB, Firebase / Firestore
Tools & platforms	Visual Studio Code, Git/GitHub, WordPress, WooCommerce, Netlify, Render

MULTIMEDIA & CREATIVE SKILLS

Adobe Photoshop · Adobe Illustrator · Adobe After Effects · Adobe Premiere Pro · GIMP (graphic design, image editing, illustration, motion graphics and video editing).

PROFESSIONAL STRENGTHS

Self-directed learning · Problem-solving · Creative thinking · Communication · Collaboration · Adaptability · Attention to detail · Time management

CAREER OBJECTIVE

Seeking an entry-level or graduate opportunity in software development, web development or a related technology role where I can contribute to practical projects, learn from experienced teams and continue growing as a software professional.
